KINESIOLOGY AND MUSCLE TESTING
YOUR SECRET WEAPON FOR HEALTH
From You’re Not Fat, You’re Toxic, By Stephanie Relfe

Kinesiology is a brand new technology which helps the brain to ‘rewire’ the body energetically. It is amazingly efficient at balancing the body, so that it can return to excellent health, energy and emotional strength. Therefore, it is a powerful tool to help you to get thin, provided it is done correctly. It stands apart from any other type of health technology largely due to its revolutionary use of muscle testing.

I have used kinesiology to help many people heal pain, health and emotional problems that they had for years, even decades, within just 2-3 sessions. Not uncommonly, weight loss was a lovely ‘side-effect’. If you are taking drugs, which we have seen are fattening, then kinesiology is something I suggest you look into, because getting off the drugs (with your doctor’s help) is something that will help with your fat loss. In addition, accurate muscle testing can help to identify the particular foods that your body is allergic to, and giving up those foods can greatly accelerate fat loss.

I will give one example of how kinesiology can create miracles: In the very good book A Revolutionary Way of Thinking, Dr. Charles Krebs tells how when he was a fit 35 year old, he had a diving accident, and was told that he would be a quadriplegic for life. But using kinesiology, he now leads a perfectly normal life!

There are two different definitions of “kinesiology”. The term “kinesiology” which I use is that which is connected with Specialized Kinesiology and Academic Kinesiology (which includes Applied Kinesiology). It always includes manual muscle testing. It is not to be confused with another definition of “kinesiology”, which is that which is taught in some colleges and does not include muscle testing.

When you muscle test a person properly for different foods, the person you test will not be able to hold up their arm when they hold a piece of a food that is toxic for them, beside their cheek, no matter how strong they are. This works also by just saying the name of the food being tested. This is because the brain stops sending electrical signals to the muscle you are testing. No longer is a food “bad” or “fattening”. It is now weakening. No one wants to be weak. Somehow, this process makes a person just automatically start to steer away from unhealthy and fattening foods, and want to eat more nutritious foods, just like God intended.
As a person gets more and more specific communication back from their body through kinesiology sessions, they often begin to take more and more responsibility for their own health. Plus they have more knowledge of how to do that. When a big, tough guy sees that a puny girl can easily push his arm down when he says “alcohol” or “sugar”, he often begins to think seriously about giving them up. Many people don’t feel like giving up harmful habits because someone else has told them that they should, but when their own body starts telling them in no uncertain terms that those habits are weakening it, then that is another matter.

However, kinesiology goes beyond muscle testing. It also includes corrections which balance the body energetically so that different systems can work more efficiently. The brain allows you to become aware of energetic imbalances and blockages. It then rectifies these. It is not uncommon for people to notice an immediate absence of pain in the troubled area during a session. Within a few days many other symptoms often go away as well. Even better, the symptoms often stay away, provided the person no longer does the thing that caused the problem in the first place. This can be a great help for fat loss.

When we are tired, hurting or feeling negative emotions, it can be more tempting to eat something that is toxic. Kinesiology can help a person to improve all of these symptoms. Even better, it helps to balance the body’s energies so that the body can work more efficiently. For example, if there is a blockage in the large intestine energies, the person might become constipated. This causes a back log of toxins, and makes it much harder for the body to burn fat. I have not seen a client who was constipated who I have not been able to help using kinesiology, combined with improvements in diet.

from "Perfect Health with Kinesiology and Muscle Testing"
If you are the kind of person who has “tried everything” including all kinds of doctors and natural healers for a particular problem, including fat loss, then you are typical of the kind of clients who I have seen, and been able to help with kinesiology.

Kinesiology is a truly ‘wholistic’ system, because it looks at the whole person (not just at selected parts). When you step on a cat’s tail, it’s the other end that screams. That is, the whole body affects the whole body.

In addition, kinesiology looks at all types of stresses which can cause disease. They include emotional, nutritional, structural and electrical stress.

The basis of kinesiology is that the body is like an electrical piece of equipment, which is controlled by an incredibly complex computer, namely the brain. The brain is continually in communication with each of the approximately 639 muscles in the body, and it knows exactly what it needs and in what priority.

FOURTEEN MUSCLE BALANCE

There are many kinesiology balances which can help you to reduce fat. For example, there is a balance called the Fourteen muscle balance. This balance is based on Chinese medicine. Each of the fourteen muscles that are muscle tested, relate to a particular organ or system in the body. For example, if a person has their Quadriceps muscles out of balance, not only may they find that they have difficulty climbing stairs, because this is a major muscle in the upper leg, but the small intestine will also be out of balance, because it is energetically connected to the small intestine.

THE BODY CLOCK

The Fourteen muscle balance is based on the body clock. We have all talked about how our “body clock” gets messed up when we travel long distances by air. What not so many people know is that ancient Chinese mapped this clock. It includes the energy flows in the main meridian systems during a 24 hour time period.

MERIDIANS – PATHWAYS OF ENERGY

Energy flows continuously around the body in an unbroken flow like a river, on invisible pathways called meridians. These meridians form the meridian system. The meridian system is the basis for acupuncture.

HEAD MERIDIAN RELATIONSHIPS

The Head Meridian Relationships, from “Perfect Health with Kinesiology and Muscle Testing”
Each meridian is associated with a particular organ or system of the body. Each item on the body clock is associated with a particular meridian in the body. For example, the central nervous system, in the middle of the wheel, is associated with the supraspinatus muscle.

At particular times of the day, more energy flows to one meridian, and hence to one organ, than at any other time of the day. If you look at the wheel you will see that at 1 to 3 pm, the small intestine meridian receives more energy than any other meridian. Then at 3 to 5 pm, the bladder meridian receives more energy than any other meridian. Then at 5 to 7 pm, the kidney meridian receives more energy than any other meridian. And so on around the clock until you come again back to the small intestine meridian.

Look again at the body clock. Notice how different lines go to different organs? When an organ receives maximum energy, the organ that is opposite that organ on the wheel receives minimum energy. For example, 11 am to 1 pm, most energy goes to the heart. At the same time, the least amount of energy goes to the one opposite the heart, which is the gall bladder.

Note that at 1 to 3 pm most energy goes to the small intestine. Also, at this time the least amount of energy goes to the liver, because the liver is directly opposite the small intestine on the clock. This is why people get more drunk from alcohol at lunchtime, than at any other time of the day. At this time of day, the liver has less energy available, and the liver is the organ that has to detoxify the alcohol. Another interesting correlation is the time when most heart attacks tend to occur, which is in the middle of the night, when the heart energy is at its lowest.

In the middle of the circle are central and governing. Central is short for the central nervous system and governing is the nervous system related to the spinal cord.

**THE CLOACALS**

If you are one of those people for whom “nothing works” for your health problems, and you are also extra low in energy, then it’s quite possible that an energy system called the “cloacals” is out of balance. This is the most powerful kinesiology correction of all, and one that can cause miracles. The cloacals is an energy system that is related to the autonomic nervous system, which controls many actions of the human body. This control happens without the person having to think about it, such as heart rate and digestion. The cloacals is part of Applied Kinesiology. It is unknown by the medical system, and even by most kinesiologists.

If anyone has ever had a time when they were healthy, and then almost overnight started having all kinds of awful symptoms, including weight gain, it is quite likely that one of two things happened:

1. They picked up a parasite. Particularly suspect this if the person travelled to a foreign country. Please see the chapter on parasites for more information.

2. Their cloacals went out of balance as a result of extreme stress. The stress could have been:

   - Emotional, such as divorce or death of a loved one.
   - Physical, such as a car crash or difficult birth.
   - Chemical, from something extremely toxic to the body, such as a vaccination.
   - Electrical, such as an electric blanket or eating microwaved food.
Unlike most energy systems in the body, the cloacals do not seem to be good at getting back to balance by itself with a good night’s sleep. I have had clients whom muscle testing indicated that they had their cloacals out of balance since they were born, often because of a difficult birth.

The cloacals are part of what kinesiologists call the centering system. The test to see if the centering system is in balance is simple. As always, the tester must do the six pretests first to make sure that all muscle tests are valid. (There are many people who think that they know how to muscle test, but since they don’t do the pretests, their results are invalid). The tester then warns the person of what they are about to do. The tester then gives the person a light slap on an upper arm, and then muscle tests the other arm. If the arm tests weak, that means that the simple slap was more stress than their body could handle and the centering system is out of balance. Once the appropriate Kinesiology correction is applied to the body, and the test is repeated, the arm will stay strong when the body is given another light slap.

Anyone who has “incurable” health problems and very low energy, as well as fat that refuses to budge, quite possibly has their cloacals out of balance. Rebalancing the cloacal system can help to heal and to reduce fat, because the cloacal system controls and regulates most, if not all, of the major fluctuating qualities and quantities in the body. The cloacals seem to work by acting as a reference point for the autonomic nervous system, which has the main job of maintaining stability within your body. Therefore, with the cloacals out of balance, a person will be continually out of balance. Their body is like a ‘leaf in the wind’, affected greatly by even the smallest stresses, and not able to completely heal itself fully, even with good food and sleep.

In addition, the person may be operating on a shocking 30 – 70 % of normal body energy levels. In this case, there is little energy available for any needed healing or fat reduction, and a person can feel so lousy that foods like ice cream become a lot more attractive.

For example, if the cloacals are not working properly, a few of the things that may not be as efficient as possible are the following:

- Body fat.
- Hormone levels.
- Metabolism.
- Blood sugar levels.
- Body energy levels.
- Emotional stability.
- Allergic responses.
- Bladder.
- Bowels.
- Reproductive organs.
- Pregnancy.
- Sexuality.
- Blood pressure.
- Body temperature.
- Speed of healing.
- Immune efficiency.
- Brain chemistry.
- Learning abilities.
- Co-ordination.
The good news is that a good kinesiologist can put the cloacal system back into balance. People sometimes notice an immediate improvement in their symptoms. In cases where people feel worse for a few days after having their cloacals back in balance, it is a symptom of the body using the extra energy available to it to heal some major problems, which previously the body did not have the energy to do.

You can learn this yourself, because I teach the cloacals correction in my DVD training system, *Perfect Health with Kinesiology & Muscle Testing*. I also teach that to get a *permanent* healing you may need to do more than just put the cloacals back in balance. If the cloacals do not stay in balance during the weeks after rebalancing them, as they should, then the kinesiologist needs to use muscle testing to locate the cause of why the cloacals would not stay in balance.

I have found that the cause can be many different causes, all of them extremely stressful to the body. Some causes have been major emotional shock like death of a loved one, or divorce of parents, a car crash, having something terrible happen in childhood, being born by “western” birthing methods, having a baby – or even what would appear to be not too stressful, but obviously is from how it puts the cloacals out of balance - being vaccinated, using an electric blanket or eating microwaved food.

Once you get the cloacals to be in balance, and to remain in balance, you may get a surprise at the list of symptoms which is improved if not fully healed. I used to cry much too very easily before I found kinesiology, and it was all because my cloacals were out of balance. Now I cry only for beautiful things. It’s also likely that this is one of the reasons why I used to eat huge amounts of food, and now do not eat nearly as much, at the same time that I no longer experience constant hunger.

The cloacals correction is explained in the *Basic Applied Kinesiology Workshop Manual* by Gordon Stokes and Mary Marks, which is unfortunately currently not available. A very strange thing is that, while the cloacals is the most important Applied Kinesiology correction of all, it is not described in the *Applied Kinesiology Synopsis* by Walther. However, I teach this correction in my DVD training system *Perfect Health with Kinesiology & Muscle Testing*.

Unfortunately, you cannot do kinesiology on yourself, because a broken computer cannot fix itself. Your brain is the computer. You need to have someone else work on you. Because it can be difficult finding a good kinesiologist to work on you, my husband and I spent four years creating *Perfect Health with Kinesiology and Muscle Testing*, which is designed for ordinary people to learn, not just professional natural health practitioners, so that they could improve their health. More information is available at www.PerfectHealthSystem.com and www.PerfectHealthDVD.com as well as www.Relfe.com.

As a wife and mother, I do not know how other people manage to raise a healthy, happy, thin family without the tools that kinesiology provides, and that I teach in my DVDs. If you want to reduce your fat, and ‘nothing works’, then I highly recommend that you learn kinesiology with someone close to you, so that you can work on each other, or find a good kinesiologist to work on you. Kinesiology really can be your “Secret Weapon” for health.

BONUS – After completion of the *Perfect Health with Kinesiology and Muscle Testing* program, all students that the pass the certification exam are awarded a certificate suitable for display in their office. In addition, they receive permission to use the course to teach others in their area without the payment of royalties.

DOUBLE BONUS
Wernickes Mind Control Commands and How You Can Remove Them

If you are not doing some kind of Personal Development, you are leaving money on the table. It is well known among the affluent classes that certain practices and techniques remove the “damage” and problems that life causes and allow people to move forward toward happiness and wealth. Celebrities, CEOs and the rich and powerful constantly seek out new ways to give them the advantages and leverage they want in their lives. They understand that the first investment is to invest in themselves.

Mind Control commands stored in the Wernickes area of the brain can sabotage a person’s life and ruin their health, relationships, career and ability to create wealth. Self improvement becomes very difficult, if not impossible.

Please let me share with you a way to remove these commands without spending years of your life and hundreds of thousands of dollars doing it.

Who am I? My name is Michael Relfe and I helped produce “The Perfect Health System”. My wife Stephanie supplied the talent, healing expertise and the raw determination to create a training system that would allow anyone to learn kinesiology and possess a technology that would help them make fantastic improvements in their life. I supplied the technical support: Audio, Video, Lighting, Editing, etc, etc.

I want to tell you a little about myself and why you need Disk 11 (The Wernicke’s Correction). I have spent 24 years in the IT industry and have been an employee or consultant for Fortune 50 companies such as AMEX, IBM, American Airlines and The US Navy. I hold a degree in Computer Science and am a graduate of United States Naval Nuclear Power School. I am not sharing these things to attempt to impress you. I want to help you understand that your success in life and the completion of your goals is in your hands and that with kinesiology … a special kind of kinesiology, you now have the technology to change your situation and get what you want out of life.
I know you have heard it before. **Personal Development.** I know you have read the words, propaganda and horse manure from the big boy millionaires. Promises. Testimonials. Thousands of dollars for seminars from some clown that only cares about stuffing your money into his bank account. Some of these guys get $5,000 or more for a weekend seminar. Other “Big Boys” can get $20,000 for a 2 week “workshop”. And I have seen the offers from more than one “Guru” that will allow you meet them and join their private club for a cool $50,000. You get people talking at you, using hypnosis and NLP on you, and all the while trying to “upsell” you on the next big seminar. Does it work? Who knows. At the end of it all you are still “you”. The worst thing about all this is that many people who attend these workshops do not make any real changes in their lives. And now they are thousands of dollars in debt.

Well now there is something new and the “big boys” don’t have it. And it doesn’t cost $50,000.

It comes free with “**The Perfect Health System**”.

Why do bad things happen to good people? Why do some people seem to get all the breaks and other people are constantly being broken? Why is it that someone else seems to have the best relationships, best career and the most money? And why are other people so happy all the time?

Let me share with you some startling information. Scientists have discovered that the instructions and commands that people receive during their lives can be stored in the Wernicke’s area of the brain. And many of these commands can have long term negative effects on those people.

Wernicke’s commands could be YOUR worst enemy! Imagine dozens or even hundreds of tiny “computer programs” or “CD records” screaming into your subconscious commands such as “You’re no good”, “You will always be poor”, “You’ll always be fat” “You’re really stupid” “You’ll never make anything of yourself” “You never remember anything” and “You’ll never get married”.

And they “go online” at the worst times. When you are under stress. Working on projects. Making life changing decisions. And they interfere and cause you to make the wrong decision. Is it any wonder why people are looking for ways to change their lives in areas such as money, relationships and health.

Everyone has at least some wernicke’s commands against having money, success and achieving results. As an example, here are thirty commands that were found on one person, in one session:

• “You’ll never be rich.”
• “You’re not rich.”
• “You have no money.”
• “You never get it right.”
• “You don’t do it right.”
• “You always fail.”
• “You’re a failure.”
• “Don’t finish it.”

PerfectHealthSystem.com
• "Don’t complete that."
• "You’re always last."
• "Start another one."
• "You have nothing to do with it."
• "You’re messy."
• "You shouldn’t do it like that."
• "You should never be involved in that."
• "Stay away from them."
• "Don’t work on that."
• "Have nothing to do with them."
• "Don’t talk to them."
• "Slow down."
• "Relax."
• "Just do enough to get by."
• "You don’t need much to live."
• "Don’t have too much money."
• "Ruin your career."
• "Your career is not important."
• "You’re not a business man."
• "Be ordinary."
• "Don’t do too good a job."
• "Only do what’s required."

It can be really tough to accomplish the goals you have set for yourself if your subconscious mind is sabotaging you at every turn. How can you get out of that rut?

How can you escape… from yourself?

Now You Can! You can learn the Wernicke’s Correction.
It is one small part of “The Perfect Health System“

The Wernicke’s Correction can change your life.

The Wernicke’s Correction is a revolutionary new Kinesiology Correction created by Genius Australian Kinesiologist David Bridgman. Utilizing three different healing modalities, he created the world’s first kinesiology correction that can eliminate self sabotage commands from a person’s brain. Instantly.

No courses. No seminars. No credit cards. No upsells. No B.S.

*It is possibly the most important kinesiology correction for personal development and life improvement ever discovered.*

In “Perfect Health with Kinesiology and Muscle Testing”, my wife, Australian Kinesiologist Stephanie Relfe is bringing the Wernicke’s Correction outside of Australia and making it available to the world for the very first time.

The Wernicke’s Correction is quite simply an instant relationship course in a box.

And an instant cash flow course in a box.

And an instant self-improvement course in a box.

By eliminating the self sabotaging commands stored in your brain, you can finally achieve the things in your life that you have been working for.

In “Perfect Health with Kinesiology and Muscle Testing” you will learn the complete procedure for the Wernicke’s Correction. Nothing is censored. Nothing is held back. There is no “upsell product”. No further courses are necessary for you to learn Kinesiology and the Wernicke’s Correction and to start applying it to you and your loved ones or to your healing practice. You really can remove self sabotaging commands and improve your life. This is just one small part of this amazing course.

Please note that this is not meditation, visualization, affirmations, hypnosis, NLP or any other “mind science” type of system. I know some people love such programs because of their high energy delivery and their claims of instantaneous results. But there is a problem with these systems. **They are not removing the underlying cause of the person’s difficulties.** They are adding a new “program” on top of the old “program”. There is no point in putting jam on top of moldy bread. What is needed is a scientific procedure for removing the underlying cause of the problem and then letting the person sort out their own life. Do you really want someone to “program” you with their latest seminar or audio tape?

Kinesiology is scientific. Chiropractors and Licensed Massage Therapists using Kinesiology put treatments on insurance. And this is the actual hands on, repeatable, meat-and-potatoes kinesiology correction. Some kinesiology corrections are for your body. This kinesiology correction is for your brain. And it is demonstrated completely in “Perfect Health With Kinesiology & Muscle Testing – Disk 11”.

And no, it’s not available separately. You need to learn Kinesiology from the other disks before you can use it correctly.
But let me warn you. The Wernicke’s Correction is easy to learn. It is easy to perform. But for some people that refuse to change and like being the way they are, it could be tough for them to actually sit down and take the time to do it. Wernicke’s commands are like the layers of an onion. They will not come out all at once.

The Wernicke’s Correction will not do everything.

But it can do what no other healing modality in the world can do.

Remove self sabotage commands that are damaging your life.

If you are a practitioner, the Wernicke’s Correction is a powerful addition to your arsenal of healing modalities. The Wernicke’s Correction will allow you to have even more ways to help your clients and they will have even more reasons to book in with you. And as with everything we teach at Relfe.com, we do NOT charge royalties. So if you want to teach classes on Kinesiology, including the Wernickes correction or just use it in your practice and become a “Wernickes Specialist”, we encourage you to do so. This is a new technology and you might be the only person in your state providing that service.

So after all these years of trying to find the “missing link” to your success, maybe the Wernicke’s correction is it. This is one that the “big boys” don’t know about. You will have to invest the few hours it takes to learn kinesiology. Then you will have to invest the time to do the corrections. The results? Everyone is different but I can tell you that with the help of my wife Stephanie, I have had many hundreds of self-sabotaging commands removed from my mind and things get better all the time.

The Wernicke’s commands are real. And negative commands are deadly to anyone’s Health, Wealth & Happiness. I no longer allow them to control my life.

What will you do?

Sincerely

Michael Relfe
